By signing above, I have discussed the commitment for Student Leadership at LHCS with my student and will support him/her in their Leadership development outside of school. I understand and have talked with my child about the possibility of not receiving his/her first group choice, but through an interview process students will be placed on a team where the collective skills of the students will lead to maximum success. I realize that my child may not be selected for any Leadership group at this time, based on the review of the student's application, group interview, and the student's adherence to the agreements and conditions stated above.
