

Around Town: Community and Neighborhood Homework Project

Name: _____

Due on or before Thursday, March 29th

We are exploring the theme Around Town: Neighborhood and Community. We are investigating different neighborhoods and learning about some of the people who live and work in them. Your homework project is to go to one of your favorite neighborhood spots and write a description of the spot.

1. Choose a neighborhood or community spot that you like.
2. Write a one - three paragraph description of the place. Remember to use sensory words that tell how the place looks, sounds, feels, tastes, and smells. Remember to give details in your writing. Remember to use correct spelling and punctuation in your writing. **DO NOT TELL US THE NAME OF THE PLACE.** (You may write your description or word process it.)
3. Glue your description to the front of your folded piece of paper.
4. Draw a picture of your special neighborhood spot on the inside of the folded paper.
5. Write the name of the special spot on the other side of the inside of the paper.

We will try to guess your special spot after we read your description.
