

8th Grade Global Studies – 2017-18 – Mr. Wood

john.wood@mpls.k12.mn.us

What is Global Studies? Global Studies is the study of the geography, history, and culture of the regions of the world. We will explore geography’s role in shaping modern civilizations, and we will explore the historical, geographic, and cultural elements related to current regional and global issues in the world today. Throughout the year, students will also participate in Global Classrooms, an international program designed to engage students in simulations related to human rights, peacekeeping and sustainable development. Students will complete one homework project per quarter.
