My General Topic for History Day is _____

I will focus on only one small part of my general topic. These are my ideas so far for focus areas:

I will work: alone.

with another student. His/Her name is: _____

My history day project will probably be:

an exhibit a documentary a web site a performance a paper

We have read over the National History Day information and Mr. Wood's calendar. We understand that History Day is a required part of the seventh grade social studies curriculum that will require work outside of class. We understand that student projects that advance from the school-level competition will move on to the district competition and possibly to the state and national competitions.

We also understand that the History Day Club (after-school work with teachers and computers) meets on Tuesdays from 4:15-5:00 PM starting on November 29 and that registration through Community Education is required to join the History Day Club.
